

Parque Aikén del Sur

Just fifteen minutes away from Hotel Loberías del Sur, enjoy all the biodiversity of Chilean Patagonia at Aiken del Sur Park. In this amazing 300-hectare eco-tourism reserve, you will find four trails that are especially set up for trekking.

Aiken del Sur Park has a Visitor's Center where you can find out all about the Park's activities, botany, tours and anthropology of the Aysén Region. In addition, in our roofed barbecue area, you will be able to enjoy Patagonian style folk shows and lamb barbecues.

Activities

You can make an approximate 2 hour walk, along four natural trails which will take you to see the region's flora and fauna. This activity is done in groups and is accompanied by specialist guides. The trails are equipped with educational panels and stations to find out and learn about special environmental phenomena; with rest areas, bridges, viewpoints and panoramic platforms where you will be able to enjoy spectacular views. To end your visit to the park, we invite you to savor a typical Patagonian barbecue, with a show provided by a local folk group.

Departure days:

Wednesday, Thursday and Saturday (January – 16 May / 13 August – December)

Rates

Ages

Adult
